

AP Human Geography Midterm Review 2018

Term on exam	Definition (own words)	Example(s)
Population density	The number of people per given unit of land (in US, per sq mi)	Country with highest population density: Monaco Country with lowest population density: Mongolia
Physiological population density		
hierarchical diffusion		
contagious diffusion		
stimulus diffusion		
relocation diffusion		
Characteristics of LDCs		
Characteristics of MDCs		
Formal region		
Functional region		
Vernacular region		
Overpopulation		

Term on exam	Definition (own words)	Example(s)
GIS		
GPS		
Spatial Analysis		
Cultural Landscape		
Cultural Region		
Mercator map		
Robinson map		
Goode's map		
Planar Projection		
Absolute Location		
Relative Location		
Five Themes of Geography		
Hearth		
Demographic Transition Stage 1		
Demographic Transition Stage 2		

Demographic Transition Stage 3		
Demographic Transition Stage 4		

Draw and properly label the Demographic Transition Model

Term on exam	Definition (own words)	Example(s)
Infant mortality rate		
Crude birth rate		
Crude death rate		
Life expectancy		
Dependency ratio		
epidemiologic transition		
Migration		
Pull factor		

Term on exam	Definition (own words)	Example(s)
Push factor		
Alternative agricultural practices		
Plant domestication		

Ancient cultural hearths		
Brain drain		
Primary activity		
Secondary activity		
Tertiary activity		
Mediterranean agriculture (what and where)		
Subsistence agriculture (what and where common)		
Genetic engineering		
Industrialization of agriculture (include pros and cons)		
Dairy farming (what and where common)		
Rice cultivation (characteristics of and where common)		

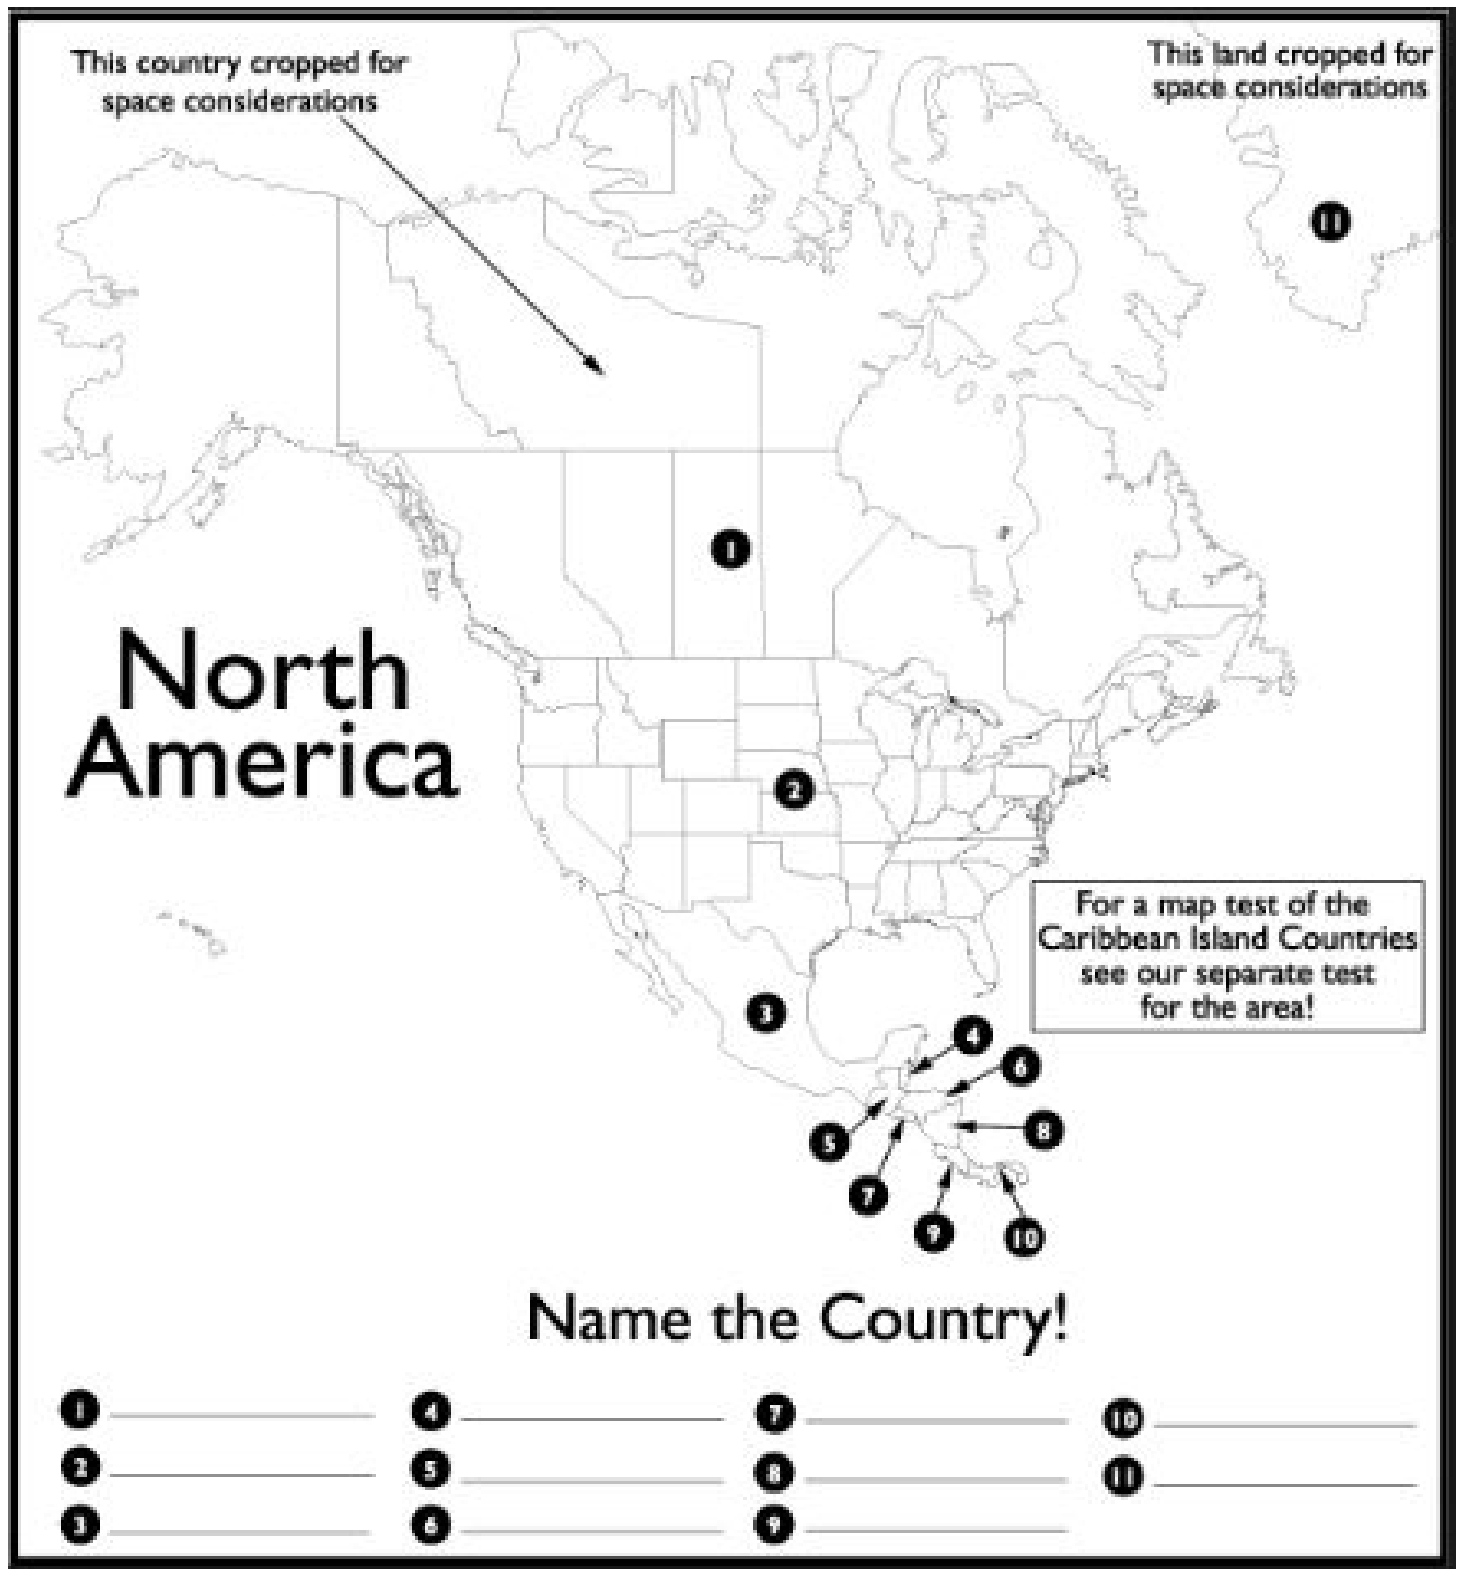

Term on exam	Definition (own words)	Example(s)
Specialized horticulture		
Von Thunen Model		

Draw the Von Thunen Model:

Term on exam	Definition (own words)	Example(s)
Shifting cultivation		
Pastoral nomadism		
Deforestation		
Desertification		
Malthusian Theory		
Population pyramids		
Rank Size Rule		
Primate City		
CBD		
Central Place Theory		

Waves of immigration to the US (who, when, why?)

Maps: North & Central America, South America (be able to label all countries)

South America

Name the Country!

- | | | |
|---------|----------|----------|
| 1 _____ | 6 _____ | 11 _____ |
| 2 _____ | 7 _____ | 12 _____ |
| 3 _____ | 8 _____ | 13 _____ |
| 4 _____ | 9 _____ | 14 _____ |
| 5 _____ | 10 _____ | 15 _____ |

Note that #'s 13, 14 and 15 are territories of other countries
